If you're looking for an affordable, smart, capable and fun way to enjoy life on two wheels, the CBR®250R is the bike for you. Built around a high-revving, fuel-injected 249cc single, it’s full of features few bikes in its class can match: lightweight, a powerband that’s immensely user-friendly, excellent fuel economy, incredible value and a fun factor that’s off the chart. And since it’s a Honda, you know it comes with great build quality and unmatched reliability.

**FUN, COOL AND FAST.**
Key Features

- The CBR250R’s single-cylinder engine produces a remarkably broad torque curve with peak torque generated at an easily accessible 7000 rpm. Peak horsepower kicks in at 8500 rpm. Power like this gives you smooth, responsive performance while also returning impressive fuel economy.

- Thanks to its single-cylinder configuration, the CBR250R’s engine is light, compact and fuel-efficient, and the resulting overall package is remarkably compact and nimble.

- Stylish full fairing with windscreen deflects the oncoming wind to boost rider comfort.

- Low 30.5-inch seat height makes it easy to put your feet down at stoplights or in parking lots.

- Fuel capacity of 3.4 gallons gives the CBR250R a cruising range of more than 200 miles.

Special Features

- The CBR250R’s engine counterbalancer gives you the advantages of a single cylinder (narrow width, light weight) with the smoothness of a multi.

- C-ABS™ can be a big help in making controlled stops in less than ideal conditions (think rain, sand, road debris), and it helps you stop with added confidence.

Color Options

- Red/Silver
- White/Pearl Blue/Red
- Metallic Black

Specifications

- Engine: 249.4cc liquid-cooled single-cylinder four-stroke
- Fuel System: PGM-FI, 38mm throttle body

Environmental Commitment

At Honda, we believe in performance and leadership. That's why we're taking a leadership position when it comes to the environment, in our products and in all other aspects of our business as well. For more information visit http://powersports.honda.com/about/environment.aspx.

BE A RESPONSIBLE RIDER

Remember, always wear a helmet, eye protection and protective clothing whenever you ride. Never ride under the influence of drugs or alcohol and never use the street as a racetrack. Inspect your motorcycle before riding and read your owner’s manual. Log on to the HRCA website (hrca.honda.com) concerning reimbursement through the Honda Rider’s Club of America for Motorcycle Safety Foundation (MSF) rider training. Obey the law, use common sense, respect the rights of others when you ride, and make sure you have a proper license when riding on public roads. Operating your motorcycle with a modified engine, emissions control system or noise-control system may be illegal. For more information visit powersports.honda.com.
