

2016 **CBR650F**

IN A CLASS BY ITSELF.

European model shown.

EXPAND YOUR OPTIONS IN THE WORLD OF MIDDLEWEIGHT SPORTBIKES.

Traditional sportbike classes are 600-750-1000. But who says you have to stick to that? An extra 50cc makes the Honda CBR®650F a lot more fun for a lot more riders. It lets us fatten up the powerband, but still keep the bike light and nimble. A fun ride at a great price, the CBR650F's inline-four engine is specifically tuned for low-to-midrange torque, delivering a powerband that's suited for a wide range of riding styles. Weekday commuter, weekend sport riding, long trips, short hauls, solo or with a passenger—the CBR650F does it all.

SPECIFICATIONS

ENGINE TYPE: 649cc Liquid-Cooled Inline Four-Cylinder

FEATURES

INLINE-FOUR ENGINE

Honda pioneered the modern inline-four layout and we've never looked back. Smooth running and offering terrific performance, the CBR650F's powerplant is one of our best.

FOUR-INTO-ONE EXHAUST

Power, style and an unmistakable growl—you get all three with the four-into-two-into-one exhaust system on the CBR650F.

CBR650F

BE A RESPONSIBLE RIDER Remember, always wear a helmet, eye protection and protective clothing whenever you ride. Never ride under the influence of drugs or alcohol, and never use the street as a racetrack. Inspect your motorcycle before riding and read your owner's manual. Log on to the Colton Rider Education website powersports.honda.com/experience/colton.aspx for information concerning reimbursement through the Honda Rider's Club of America® for Motorcycle Safety Foundation (MSF) rider training. Obey the law, use common sense, respect the rights of others when you ride, and make sure you have a proper license when riding on public roads. Operating your motorcycle with a modified engine, emissions control system or noise-control system may be illegal. For more information visit powersports.honda.com.
