

# CTX1300

---

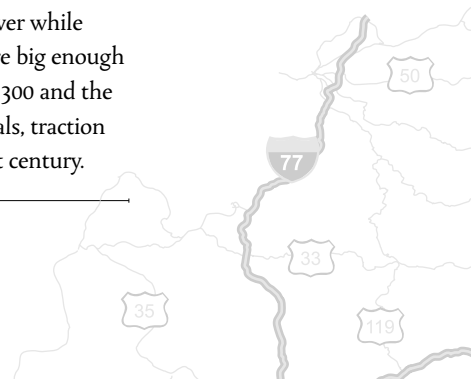

CRUISING: EVOLVED

---

Honda's new CTX® line of motorcycles are some of the most innovative we've ever produced. The new CTX1300 is a great example: The 1261cc V-4 engine offers up plenty of power while inverted forks give you excellent comfort and handling. The integrated saddlebags are big enough for a weekend's worth of gear. And best of all, it's available in two versions: the CTX1300 and the CTX1300 Deluxe, with Bluetooth® Audio, anti-lock brakes, self-cancelling turn signals, traction control and a blacked-out look. This is a bike that can take you cruising into the next century.
