

2016 RECON

SIZED RIGHT FOR VERSATILITY.

BIG ENOUGH TO GET THE TOUGH JOBS DONE.

Every craftsman knows that if you use the right tool for the job, life is a lot easier. But that's a secret plenty of people forget when they're looking at utility ATVs. Bigger isn't always better. And that's where the Honda Recon® is going to be the smartest choice lots of ATV riders will ever make. The Recon is a versatile, rugged ATV with a smaller footprint. Its compact size helps you maneuver through tighter trails that would challenge some larger ATVs. With a Honda Recon, you can't go wrong.

SPECIFICATIONS

FEATURES

ELECTRIC SHIFT PROGRAM

The Recon ES features Honda's Electric Shift Program™ (ESP™), allowing you to easily up- and down-shift with your thumb using two buttons conveniently located on the handlebars.

NEW REVERSE CONTROLS

New for 2016, we've given the Recon a new reverse mechanism and parking-brake lever. Just like on our Foreman and Rancher. It's simple, easier to use and more intuitive.

RECON

Honda ACCESSORIES

OUTDOOR STORAGE COVER

Water-resistant and fade-resistant, this Honda-branded, heavy-duty, coated-polyester cover keeps your Utility ATV out of the weather and sun.

FRONT AND REAR SOFT RACK BAG

Made of 600-denier Yarn Dyed Polyester fabric with a DWR (Durable Water Repellent) finish that is UV resistant and durable in harsh conditions. Large main compartment with heavy duty zipper and Neoprene zipper gasket to protect against dirt, debris and water.

ENVIRONMENTAL COMMITMENT At Honda, we believe in performance and leadership. That's why we're taking a leadership position when it comes to the environment, in our products and in all other aspects of our business as well. For more information visit <http://powersports.honda.com/about/environment.aspx>.

BE A RESPONSIBLE RIDER Remember, ATVs can be hazardous to operate. Always wear a helmet, eye protection and protective clothing, and never ride on paved surfaces or public roads. Never carry passengers, never engage in stunt riding, and remember that riding doesn't mix with drugs or alcohol. Avoid excessive speeds, and be particularly careful on difficult terrain. Honda FourTrax models shown are recommended for riders 16 years of age and older. Honda recommends that all ATV riders take a training course and read their owner's manual thoroughly. New ATV purchasers should take advantage of free ASI training and completion incentives. For safety and training information, see your Honda Dealer or call the ASI at 1-800-887-2887. Whenever you ride off-road, make sure you follow the "TREAD LIGHTLY" guidelines, and always stay on established trails in approved riding areas. Keep your riding areas clean, use common sense and respect the rights of others. Operating your ATV with a modified engine, emission-control system or noise-control system may be illegal. Always obtain written permission before riding on private lands, and obey all the laws and regulations governing your riding areas.
