

TRX450R

BAJA TOUGH

With a race-winning heritage a mile long—including multiple Baja 1000 victories—the Honda TRX® 450R offers up an ideal mix of performance, handling and power, thanks to an MX-inspired Unicam® liquid-cooled four stroke engine. Its Pro-Link® suspension offers over nine inches of plush, controlled travel. And its electric starter makes it easy to get going. The result is a proven race and trail performer packed with Honda dependability that can take you to the top of the podium or on the ultimate adventure ride.

BE A RESPONSIBLE RIDER Remember, ATVs can be hazardous to operate. Always wear a helmet, eye protection and protective clothing, and never ride on paved surfaces or public roads. Never carry passengers, never engage in stunt riding, and remember that riding doesn't mix with drugs or alcohol. Avoid excessive speeds, and be particularly careful on difficult terrain. The TRX450R is recommended only for highly experienced riders 16 years of age and older. Honda recommends that all ATV riders take a training course and read their owner's manual thoroughly. New ATV purchasers should take advantage of free ASI training and completion incentives. For safety and training information, see your Honda Dealer or call the ASI at 1-800-887-2887. Whenever you ride off-road, make sure you follow the "TREAD LIGHTLY" guidelines, and always stay on established trails in approved riding areas. Keep your riding areas clean, use common sense and respect the rights of others. Operating your ATV with a modified engine, emission control system or noise-control system may be illegal. Always obtain written permission before riding on private lands, and obey all the laws and regulations governing your riding areas.
