BIG RED

*Introducing the
biggest news in the
off-road world since
the first ATV.*

BIG RED You've seen the other side-by-side off-road vehicles out there. Now get ready to experience the only one good enough to be called a Honda. Introducing Big Red™, Honda's first Multipurpose Utility Vehicle (MUV). With a powerful liquid-cooled engine, a super-versatile automatic transmission (with no belts to slip or burn out), and a degree of sophistication that puts any other side-by-side out to pasture, Big Red is ready to get to work and help you have fun. And because it's a Honda, it has an attention to detail and a level of building quality no other side-by-side can offer. You know this is a vehicle you can count on for years.

UNIQUE FEATURES

- Powerful OHV liquid-cooled, fuel-injected 675cc is a specially tuned for MUV torque delivery.
- Automotive-style, three-speed automatic transmission with reverse is easy to use and rugged too.
- Selectable drive modes include: 2WD with open rear differential for sensitive terrain/lawns, 4WD with rear differential lock and 4WD with all differential lock.
- Programmed Fuel Injection (PGM-FI) features 40mm throttle body and automatically compensates for altitude and cold weather.
- Roomy cab and rubber-mounted bucket seats with adjustable backs.
- Uniquely designed, four-pillar, six-piece 41.3mm (1.6-inch diameter) Occupant Protection Structure (OPS).
- Heavy-duty two-inch receiver-style hitch with 1200-pound towing capacity.
- 500-pound capacity steel bed with plastic liner offers a tilt-dump feature for easy unloading.

SPECIFICATIONS

Model MUV700

ENGINE

Engine	675cc liquid-cooled OHV single-cylinder four-stroke
Fuel System	Electronic fuel injection (PGM-FI): 40mm throttle body

ENVIRONMENTAL COMMITMENT

At Honda, we believe in performance and leadership, and that's why we're taking a leadership position when it comes to the environment. We continue to develop low-emission technologies for our current and future motorcycles, MUVs, ATVs, scooters and personal watercraft. And that's the kind of performance everybody can appreciate.

Multi-purpose utility vehicles can be hazardous to operate. For your safety, be responsible. Always wear a helmet, eye protection and appropriate clothing. Always wear your seat belt, and keep the side nets and doors closed. Avoid excessive speeds, and be careful on difficult terrain. All MUV riders should watch the safety video "multipurpose utility vehicles: a guide to safe operation" and read the owner's manual before operating the vehicle. Never drive under the influence of drugs or alcohol, on public roads, or with more than one passenger. Big red is only for drivers 16 years and older. Driver and passenger must be tall enough for seat belt to fit properly and to brace themselves with both feet firmly on the floor. Passenger must be able to grasp the hand hold with the seat belt on and both feet on the floor. Respect the environment when riding. NaturalGear™ is a registered trademark of NATGEAR, LLC.
