

THE SUV OF SCOOTERS

Think you need to ride across the Sahara to have an adventure? Not on a Honda ADV150. This awesome adventure-style scooter is a loyal travelling companion for journeys big and small—as in running errands, defeating cross-town traffic, or even exploring that dirt road you pass every day. Under its tough bodywork there's a dependable four-stroke liquid-cooled engine. A steel frame makes the ADV150 a lot tougher than some of the other scooters out there, and the generous under seat storage lets you carry along your expedition supplies—or your weekly groceries. A two-position windscreen, Honda SMART Key, and automatic transmission makes the ADV150 a spectacular choice for a wide range of riders. Why not join them?

2023 ADV150

ALWAYS WEAR A HELMET, EYE PROTECTION AND PROTECTIVE CLOTHING. NEVER RIDE AFTER CONSUMING DRUGS OR ALCOHOL, AND NEVER USE THE STREET AS A RACETRACK. CURB WEIGHT	— 294 pounds (Includes all standard equipment, required fluids and full tank of fuel)
FUEL CAPACITY	— 2.1 gallons

FEATURES & BENEFITS

TWO-POSITION WINDSCREEN

Changing riding conditions? No worries—the ADV150 features an innovative two-position windscreen. More breeze? Just lower it. More wind and weather protection? It's easy to raise, no tools required.

AMPLE STORAGE

Your ADV150 has tons of storage. First, flip open the seat and there's a weather-resistant 27-liter main compartment that locks securely. Then there's a convenient 2-liter compartment up front.

RUGGED SUSPENSION, PREMIUM SHOCKS

The ADV150 features Showa® telescopic front suspension with the most travel in its class. In the rear, a pair of premium Showa shocks feature remote piggyback reservoirs and triple-rate springs.

ANTI-LOCK BRAKES (ABS)

Sometimes adventure means not knowing what's around the next corner. That's why every ADV150 features anti-lock brakes (ABS), so you can make confident stops, even in less-than-ideal conditions.
