

ADVENTURE IN EVERY RIDE

Step into the future with the 2025 ADV160. Sleek yet rugged, this scooter blends advanced technology with street-smart design. It features a steel underbone frame and rugged Showa® suspension that makes it tougher than a lot of the competition, while a robust 157cc engine promises thrilling performance and exceptional fuel efficiency thanks to its eSP+ configuration. A two-position windscreen, Honda SMART Key, generous underseat storage, and an automatic transmission round out this SUV of the scooter world. Available in two hot new colors for this year – Pearl Blue and Matte Black Metallic – the ADV160 isn't just a ride; it's a bold declaration of independence and style for the discerning city explorer.

2025 ADV160

WHEELBASE	— 52.1 inches
SEAT HEIGHT	— 30.7 inches
CURB WEIGHT	— 294 pounds (Includes all standard equipment, required fluids and full tank of fuel)
FUEL CAPACITY	— 2.1 gallons

FEATURES & BENEFITS

TWO-POSITION WINDSCREEN

The windscreen can be adjusted to two positions without tools. It can be lowered for more breeze or raised for better wind and weather protection.

AMPLE STORAGE

This scooter has plenty of storage. Flipping open the seat reveals a 27-liter main compartment that locks securely, while there's also a 2-liter compartment at the front with a charging port for quick access.

RUGGED SUSPENSION, PREMIUM SHOCKS

The suspension boasts the longest travel in its class. It has a Showa telescopic fork in front and a pair of premium Showa shocks in the rear, featuring remote piggyback reservoirs and triple-rate springs.

FRONT-WHEEL ANTI-LOCK BRAKES

Sometimes, adventure means not knowing what's around the corner. But with this scooter's Anti-Lock Braking System (ABS) on the front wheel, you can make confident stops, even in less-than-ideal conditions.
