## FEATURES & BENEFITS

### AMPLE STORAGE

This scooter has plenty of storage. Flipping open the seat reveals a 27-liter weatherproof main compartment that locks securely, while there's also a charging port-equipped 2-liter compartment at the front for quick access.

### FRONT-WHEEL ABS

Sometimes, adventure means not knowing what's around the corner. But with this scooter's Anti-Lock Braking System (ABS) on the front wheel, you can make confident stops, even in less-than-ideal conditions.

### RUGGED SUSPENSION, PREMIUM SHOCKS

The suspension boasts long travel for the smoothest possible ride, with a Showa® telescopic fork in front and a pair of remote reservoir premium Showa shocks in the rear.

### TWO-POSITION WINDSCREEN

The windscreen can be adjusted to two positions without tools. It can be lowered for more breeze or raised for better wind and weather protection.
