

BIGGER WHEELS, BIGGER FUN

No matter what the sport, if you want to perform your best, you need equipment that fits. And that's exactly why we offer the CRF®125F Big Wheel: It combines the rider-friendly power of a 125 with an overall bike size that fits some taller riders better, providing a great match for both a rider's skill and height. It's really a genius concept — we take our CRF125F and fit it with a longer swingarm and larger diameter wheels. That raises the seat height by about two inches. What doesn't change is our proven Honda single-cylinder engine, featuring fuel injection for broader power and better running in cold weather and high altitudes. There's also a four-speed transmission and a twin-spar steel frame, along with plenty of suspension travel. And did we mention the electric starter? Plus, if you're looking for the same great bike, but in a slightly smaller overall package, check out our CRF125F. Try them both — you can't go wrong here!

CRF/Fs ARE INTENDED FOR OFF-ROAD OPERATION ONLY. PARENTS NEED TO CONSIDER A RIDER'S AGE, SIZE, ABILITY AND MATURITY BEFORE ALLOWING THEM TO RIDE. ALWAYS WEAR A HELMET, EYE PROTECTION AND PROTECTIVE CLOTHING, AND PLEASE RESPECT THE ENVIRONMENT. OBEY THE LAW AND READ THE OWNER'S MANUAL THOROUGHLY. Always stay on established trails in approved riding areas. CRF® and Pro-Link® are registered trademarks of Honda Motor Co., Ltd. ©2022 American Honda Motor Co., Inc.

2023 CRF125F BIG WHEEL

FEATURES & BENEFITS

BIGGER WHEELS

With a 19-inch front wheel and a 16-inch wheel in the rear, the CRF125F Big Wheel will fit taller riders a little better. The right-sized bike is as important as wearing the right-sized boots or helmet.

RELIABLE ENGINE

The CRF125F Big Wheel's dependable four-stroke single-cylinder engine offers good performance with a wide powerband — perfect for a range of riders, including beginners. Fuel injection makes it even better and more efficient.

PROVEN MANUAL CLUTCH

The heavy-duty Honda clutch is durable and helps promote smooth shifting.

FOUR-SPEED TRANSMISSION

The four-speed gearbox is just like a full-sized motorcycle's, giving you all the control you need.
