## 2022 CRF250F

### CHAMPION-INSPIRED. FAMILY-APPROVED.

It's no surprise that the CRF®250F is so popular, especially recently. That's because it's one of the best ways ever to get out and enjoy nature. Its engine offers reliable power across a wide powerband, and fuel injection means it stays that way, even in cold weather and higher altitudes. Its sturdy, twin-spar frame is lightweight and a great size for a wide range of riders. With new graphics inspired by our podium-topping motocrossers, the 250F looks as good as it rides. It's ready with the performance to lead the pack, and the group ride.

CRF/FS ARE INTENDED FOR OFF-ROAD OPERATION ONLY. ALWAYS WEAR A HELMET, EYE PROTECTION AND PROTECTIVE CLOTHING, AND PLEASE RESPECT THE ENVIRONMENT. OBEY THE LAW AND READ THE OWNER'S MANUAL THOROUGHLY. ALWAYS STAY ON ESTABLISHED TRAILS IN APPROVED RIDING AREAS. Showa® is a registered trademark of Showa Mfg., Inc. Optional Extended Extended coverage available with a HondaCare Protection Plan®

## FEATURES & BENEFITS

### SINGLE-CYLINDER ENGINE

A single is the perfect choice for a bike like the CRF250F. It's light, simple, fuel-efficient, and features plenty of power and torque in all areas, along with smooth power delivery—ideal for a wide range of rider experience.

### STRONG, TWIN-SPAR FRAME

The CRF250F gets a tubular-steel twin-spar frame that's both light and tough.

### ELECTRIC STARTER

Turn the key, push the button, and let's go riding! Electric starting is a big help on cold mornings, or if you need to restart out on the trail. Honda's proven system makes riding just that much more fun.

### COMFORTABLE SEAT POSITION

With a long, motocross-style seat, you can move forward and back, left and right with ease, helping you navigate changing terrain in comfort.
