2022 FourTrax Foreman 4x4

BE YOUR OWN BOSS

Are you that person that other people call when they need a problem solved? Someone they can count on when the chips are down? Then the Honda FourTrax® Foreman® is the ATV for you. Because, just like you, it's the ATV you can always count on. For 2022 there are three models in our Foreman lineup. Every one features a powerful 518cc engine, tough front and rear racks, an easy-to-use reverse system, a handy utility box and more. And every Foreman here uses a swingarm rear suspension that's perfect for hard work or towing.

UTILITY ATVS ARE RECOMMENDED FOR RIDERS 16 YEARS AND OLDER. ATVS CAN BE HAZARDOUS TO OPERATE. FOR YOUR SAFETY, BE RESPONSIBLE. READ THE OWNER'S MANUAL. ALWAYS WEAR A HELMET, EYE PROTECTION AND PROTECTIVE CLOTHING. BE CAREFUL ON DIFFICULT TERRAIN. NEVER RIDE AFTER CONSUMING DRUGS OR ALCOHOL, ON PAVED SURFACES, ON PUBLIC ROADS, WITH PASSENGERS, OR AT EXCESSIVE SPEEDS. NO STUNT RIDING. RESPECT THE ENVIRONMENT WHEN RIDING. FourTrax®, Foreman®, TraxLok®, Honda Pro Connect™ and Electric Shift Program® (ESP) are registered trademarks of Honda Motor Co., Ltd. ©2021 American Honda Motor Co., Inc.

FEATURES & BENEFITS

POWERFUL 518cc ENGINE

Every 2022 Foreman 4x4 model features a tough 518cc engine with the horsepower and torque that you need for great performance. This power also gives it better hill-climbing ability. Bottom line: Work or play, this is one ATV that always delivers!

ELECTRIC REVERSE

Available on our Electric Shift Program™ (ESP) models, this single lever is a big improvement when it comes to convenience and ease of operation. It's especially useful when you have to shift from forward to reverse repeatedly, like when you're plowing snow.

SWINGARM SUSPENSION

The Foreman 4x4 rear swingarm with its solid axle provides superior capability for towing and hauling. Its long suspension stroke and plush seat let you tackle your favorite trail or the toughest chores in comfort all day long.

FRONT AND REAR CARGO RACKS

The Foreman's racks feature strong, steel construction, and a larger flat area. Better yet, they're designed to integrate with our Honda Pro-Connect™ system. You can quickly attach and detach Honda accessories like our cargo boxes, without tools, for added flexibility and convenience.

Electric Shift Program (ESP)

Shifting has never been this easy: With Honda's ESP system, you get the ease of push-button shifting with the strength of a conventional transmission. Since there's no foot-shift lever, ESP is also a bonus when riding in heavy mud- or snow-covered boots.

Automatic DCT

The Foreman's Honda Automatic DCT transmission offers strong internals, fast shifts, excellent control, true compression braking, and technology that upshifts and downshifts automatically. It's one of the best choices you can make.

Honda PRO-CONNECT ACCESSORIES

The Foreman's racks are designed to integrate with our Honda Pro-Connect™ accessories. You can quickly attach and detach Pro-Connect accessories like our cargo boxes, utility baskets, and more, all without tools, for added flexibility and convenience.
