

WORKS HARD. RIDES SMOOTH.

Some jobs—and some trails—are tough enough as they are, and you don't need to be riding an ATV that adds to the workload. Which is precisely why we build our Honda FourTrax Foreman® Rubicon®. It's a tough-as-nails ATV with a plush, comfortable ride, thanks to its Independent Rear Suspension (IRS). Plus, we give every Rubicon a single-cylinder 518cc engine, tough front and rear racks, an easy-to-use reverse system, sharp styling, a handy utility box, and more. With four models, it's easy to choose the right mix of features, like our automatic DCT or a manual transmission and power steering that's right for you. And every Rubicon offers our famous Honda durability, reliability, and overall quality—a winning combination that sets them apart. Make sure you check out our new Black Forest Green model this year too!

UTILITY ATVS ARE RECOMMENDED FOR RIDERS 16 YEARS AND OLDER. ATVS CAN BE HAZARDOUS TO OPERATE. FOR YOUR SAFETY, BE RESPONSIBLE. READ THE OWNER'S MANUAL. ALWAYS WEAR A HELMET, EYE PROTECTION AND PROTECTIVE CLOTHING. BE CAREFUL ON DIFFICULT TERRAIN. NEVER RIDE AFTER CONSUMING DRUGS OR ALCOHOL, ON PAVED SURFACES, ON PUBLIC ROADS, WITH PASSENGERS, OR AT EXCESSIVE SPEEDS. NO STUNT RIDING. RESPECT THE ENVIRONMENT WHEN RIDING. FourTrax®, Rubicon®, Phantom Camo® and Honda Pro-Connect™ and TraxLok® are registered trademarks of Honda Motor Co., Ltd. ©2022 American Honda Motor Co., Inc.

FEATURES & BENEFITS

POWERFUL 518cc ENGINE

Every Foreman Rubicon model features a tough 518cc engine with the horsepower and torque you need for great performance. This power also gives it better hill-climbing ability. Bottom line: Work or play, this is one ATV that always delivers!

ELECTRIC REVERSE

Available on our Automatic DCT models, this single lever is convenient and easy to operate. It's especially useful when you have to shift from forward to reverse repeatedly, like when you're plowing snow.

FRONT/ REAR CARGO RACKS

The Rubicon's racks feature strong steel construction and a large flat area. Better still, they're designed so it's easy to attach and remove cargo boxes and other accessories in our Honda Pro-Connect™ line, adding to your Rubicon's versatility.

INDEPENDENT REAR SUSPENSION (IRS)

The Rubicon's Independent Rear Suspension (IRS) returns two big benefits: First, it helps ensure constant tire contact with the ground for superior traction; second, it gives you a smooth ride over rough terrain, so you don't get beat up on the trail.
