

# POWER AND ELEGANCE COMBINED

If you're seeking the perfect touring motorcycle that embodies the adventurous spirit and love for exploration, look no further than the Honda Gold Wing® and Gold Wing Automatic DCT, renowned as the original and incomparable benchmarks for two-wheel touring machines. From their refined bodywork to the roomy luggage space, these motorcycles offer it all with cutting-edge features such as Android Auto™ and Apple CarPlay™ compatibility paired with either a conventional six-speed transmission or the innovative seven-speed automatic DCT transmission. For 2024, both trims also boast a bold new colorway, the striking Matte Armored Green Metallic. So, take the ultimate road trip and join the legacy with the one and only Honda Gold Wing.

ALWAYS WEAR A HELMET, EYE PROTECTION AND PROTECTIVE CLOTHING. NEVER RIDE AFTER CONSUMING DRUGS OR ALCOHOL, AND NEVER USE THE STREET AS A RACETRACK. RESPECT THE ENVIRONMENT WHEN RIDING. Gold Wing® is a registered trademark of Honda Motor Co., Ltd. Apple CarPlay and iPhone are trademarks of Apple Inc. For using Apple CarPlay, connection to a commercially available Bluetooth headset is necessary. See owner's manual for Bluetooth headset requirements. ©2023 American Honda Motor Co., Inc

## 2024 Gold Wing/DCT

## **FEATURES & BENEFITS**

### **ENGINE - PERFORMANCE**

The Gold Wing's horizontally opposed six-cylinder engine is famously smooth and powerful. The latest version is an 1833cc design that's over 13 pounds lighter than the previous generation (more than eight pounds less for our DCT trims).

### **DOUBLE WISHBONE FRONT SUSPENSION**

One look and your eyes will immediately go to the Gold Wing's radical, Honda-engineered double-wishbone front suspension. The innovative design changes the path the wheel travels through the suspension stroke, and that lets us move both the engine and the rider/passenger closer to the front wheel. You get more room, and stellar handling.

### **ADVANCED METERS**

The Gold Wing's cockpit meters are information central. In addition to the basics like vehicle and engine speed, loading configuration, ride mode, fuel level, engine temperature and dual tripmeters, you can also monitor outside air temperature, cruise control speed, heater levels, and even selected apps linked through Apple CarPlay™ on an iPhone® or Android Auto™ on an Android phone.

### **7-SPEED AUTOMATIC DCT TRANSMISSION**

The Gold Wing is available with a revolutionary 7-Speed Automatic DCT. The shifts in this version are faster and smoother than ever, and the overdrive seventh gear is perfect for highway cruising.
