

COMMUTE IN STYLE

The Honda Metropolitan isn't just a scooter — it's your new best friend on wheels.

It features an easy step-through design, a no-shift transmission that's practically telepathic, and an electric starter that says goodbye to hassle. If you need to stash your stuff, underseat storage has you covered. Classic looks, cosmic fuel efficiency, and Honda's bulletproof engineering mean this ride isn't just about getting from A to B — it's about loving every minute. And with fresh colors like Denim Blue Metallic and Red for 2025, your commute never looked so good.

RAKE	— 26.5°
TRAIL	— 3.0 inches
FUEL CAPACITY	— 1.2 gallons
CURB WEIGHT	— 179 pounds (Includes all standard equipment, required fluids and full tank of fuel)

FEATURES & BENEFITS

V-MATIC AUTOMATIC TRANSMISSION

The multi-speed automatic transmission means no shifting ever—not even into park or neutral. Just turn the key, press the starter button, and go.

PROGRAMMED FUEL INJECTION (PGM-FI)

The Metropolitan features a liquid-cooled 49cc four-stroke engine with fuel injection. It's quiet, economical, and super reliable — everything you'd expect from a Honda.

22-LITER UNDERSEAT STORAGE

This scooter has a spacious under-seat storage area that can accommodate a helmet, books, or groceries. A lock secures the storage area and is weather-resistant.

COMBINED BRAKING SYSTEM

When you activate the rear brake, the combined braking system automatically adds front braking to help you stop.
