

2022 Pioneer 700

NOTHING MORE THAN EVERYTHING YOU NEED

It's easy to recognize the Honda Pioneer® as the best side-by-side choice for worksites and weekends alike, but which model is perfect for your needs? For many, the answer is the middleweight Pioneer 700. The chassis and engine strike a perfect balance between size and capability, helping it rise to nearly any challenge. And with features like a full-tilt bed and stellar handling through the roughest terrain, it's more than enough for many riders. And when the work stops, the fun truly begins - with available Electric Power Steering and a 675cc engine that begs to be driven. Of course, if you need to bring more passengers along for the ride, be sure to check out our four-person Pioneer 700-4.

PIONEER 700 IS ONLY FOR DRIVERS 16 YEARS. ALWAYS WEAR A HELMET, EYE PROTECTION AND APPROPRIATE CLOTHING. ALWAYS WEAR YOUR SEAT BELT, AND KEEP THE SIDE NETS AND DOORS CLOSED. AVOID EXCESSIVE SPEEDS AND BE CAREFUL ON DIFFICULT TERRAIN. READ THE OWNER'S MANUAL BEFORE OPERATING THE VEHICLE. NEVER DRIVE AFTER CONSUMING DRUGS OR ALCOHOL, OR ON PUBLIC ROADS. DRIVER AND PASSENGERS MUST BE TALL ENOUGH FOR SEAT BELT TO FIT PROPERLY AND TO BRACE THEMSELVES WITH BOTH FEET FIRMLY ON THE FLOOR. PASSENGER MUST BE ABLE TO GRASP THE HAND HOLD WITH THE SEAT BELT ON AND BOTH FEET ON THE FLOOR. RESPECT THE ENVIRONMENT WHEN DRIVING. FEATURES & BENEFITS

ELECTRIC POWER STEERING (EPS)

When you're driving off road, power steering can be a big help, especially in rocky terrain, on sidehills, or over logs and dried ruts. Honda EPS is one of the best: there are no belts or pumps to slip, break or leak. It's a "smart" system too – you get more assistance when you need it, and less when you don't. (Available on Pioneer 700 Deluxe.)

AT/MT MODE AND PADDLE SHIFTERS

With the Honda Pioneer 700 Deluxe, you can let the automatic transmission shift for you, or you can take charge and choose which gear you want for yourself via the steering column mounted paddle shifters – you can even shift from auto to manual (AT to MT) on the fly!

RUGGED 675cc LIQUID-COOLED ENGINE

Power to go further, and to keep on going. That's what the 675cc four-stroke single delivers. Rubber-mounted for less cabin vibration. Fuel-injected for reliable starts and performance in inclement weather. And proven reliability for hunting down thrill after thrill.

TILT BED - VERSATILITY

With the cargo bed's large capacity and durable construction, we've made hauling heavy loads easy. So it makes sense that we'd make dumping the load easy, too. Thanks to the smartly-designed hydraulic assist strut, you can tilt the bed and dump the cargo, even with one person
