## FEATURES & BENEFITS

### ELECTRIC POWER STEERING (EPS)

Our Honda Electric Power Steering has always been a groundbreaking innovation, and it's even better this year. How? We've given it a new next-generation brushless motor, and improved the return-to-center function. (Available on Pioneer 700 Deluxe and Pioneer 700 Forest)

### AT/MT MODE AND PADDLE SHIFTERS

With the Honda Pioneer 700 Deluxe and Pioneer 700 Forest, you can let the automatic transmission shift for you, or you can take charge and choose which gear you want for yourself via the steering column mounted paddle shifters—you can even shift from auto to manual (AT to MT) on the fly!

### RUGGED 675cc LIQUID-COOLED ENGINE

Prepare to go further than ever before. Our refined chassis enables you to tackle terrain others would shy away from, with larger tires, long-travel independent front and rear suspension and huge ground clearance. The rubber-mounted engine and exhaust system helps insulate against excessive vibration for an improved riding experience.

### INSTURMENT DISPLAY

Our Pioneer 700's instrument display features an LCD screen that's twice the size of the previous unit with larger text and more information. The whole unit tilts along with our tilt wheel too, making it easier to read.
