

2015 STATELINE

MEET THE MODERN CUSTOM.

People ride cruisers for two big reasons: the way they work, and the way they look. Around town and on the open road, the relaxed, stretched-out cruiser style is not only comfortable, but it makes sense too. And the way they look—cruisers turn heads everywhere, even when they're parked. That's especially true of the Honda Stateline®. With its stretched lines and progressive styling, it really stands out. And the way it rides? That puts it even further ahead of the pack.
