

IT'S TALON TIME

The Talon 1000X is built for conquering tight trails and technical terrain with ease. Its shorter wheelbase and narrower stance deliver unmatched agility, while the 999cc Unicam® engine and automatic Dual-Clutch Transmission provide power and precision. With available FOX Live Valve semi-active suspension, it's your perfect partner for adventure in the woods and beyond.

FEATURES & BENEFITS

POWERFUL 999cc TWIN-CYLINDER ENGINE

Experience unparalleled power with our liquid-cooled 999cc inline-twin engine, boasting high horsepower, ample torque, and unmatched refinement throughout the rpm range.

AUTOMATIC SIX-SPEED DCT

Our automatic Dual-Clutch Transmission (DCT) boasts a class-leading gear-driven setup, giving you manual or automatic control. It has efficient power delivery, true engine braking, and superior performance compared to belt-driven CVTs.

FULL-COVERAGE HARD DOORS

Hard doors are standard, offering full coverage and excellent weather protection. They provide extra storage space with cupholders and secure compartments. Doors use a double-latch design that's rattle-free.

SHORTER WHEELBASE

The 87.6-inch wheelbase contributes to this sport side-by-side's tracking while also giving you a super-smooth ride. At 64 inches wide and shorter than the Talon 1000R, the Talon 1000X emphasizes quick handling and maneuverability.
