

OFF TO A GREAT START

When you're getting started at something, a good teacher can make all the difference in the world. And there's never been a better ATV for teaching kids — and even some adults — than the Honda TRX90X. Like all Honda products it's designed with the rider as the star. Its compact size makes it a good fit for younger riders, and less intimidating too. Our exclusive no-clutch transmission lets them focus on the fundamentals and having fun, but still teaches them to shift gears. And finally, nothing can touch a Honda when it comes to reliability — a big plus whether you're just starting out, or if the TRX90X is teaching its third generation.

IMPORTANT SAFETY INFORMATION: RECOMMENDED FOR RIDERS 10 YEARS OF AGE AND OLDER. HONDA RECOMMENDS THAT ALL ATV RIDERS TAKE A TRAINING COURSE AND READ THEIR OWNER'S MANUAL THOROUGHLY. TRX90X riders younger than 16 years of age must be supervised by an adult. TRX® is a registered trademark of Honda Motor Co., Ltd. © 2022 American Honda Motor Co., Inc. (11/22)

FEATURES & BENEFITS

RUGGED, RELIABLE 86cc ENGINE

Our proven 86cc SOHC four-stroke engine offers smooth, useable power delivery, and legendary reliability. Convenient push-button electric starter ensures hassle-free starting in all conditions.

SEMI-AUTOMATIC TRANSMISSION

The TRX90X features a durable automatic clutch that makes takeoffs and shifting a breeze, while the versatile four-speed transmission is geared to deliver adequate power for appropriate riding conditions.

KEYED IGNITION

It's all about being responsible. Since the TRX90X uses a keyed ignition, parents control who goes riding and when. There's even an adjustable throttle limiter that lets you control top speed and power too.

BUMP-ABSORBING SUSPENSION

Up front, independent suspension features a pair of rugged shock absorbers with 2.6 inches of travel for a comfortable, controlled ride. In the back, a single-shock rear suspension delivers all-day comfort with trail-taming handling.
