

COMPACT AND FULLY CAPABLE

Here's a perfect example of when less can equal more: the Pioneer® 500. It's the compact side-by-side designed to fit on more trails, even those with width-restrictions. That narrow 50-inch stance also allows it to securely fit in most full-sized pickup beds for easy transport, so you can go more places. This versatility is equally matched by capability, thanks to a powerful Honda engine and features like an automatic transmission with Automatic (AT) and Manual (MT) modes. The Pioneer 500 is small but mighty, ready to help you work less and get more done.

For a model with the same width but a little more performance, and a tilting dump bed, check out our Pioneer 520.

PIONEER 500 SHOWN IS FOR DRIVERS 16 YEARS OF AGE AND OLDER. FOR YOUR SAFETY, DRIVE RESPONSIBLY, ALWAYS WEAR A HELMET, EYE PROTECTION AND PROTECTIVE CLOTHING. NEVER DRIVE AFTER CONSUMING DRUGS OR ALCOHOL, AND ALWAYS WEAR YOUR SEATBELT AND KEEP THE SIDE NETS AND DOORS CLOSED. RESPECT THE ENVIRONMENT WHEN RIDING. TURNING RADIUS	— 12.8 feet
TOWING CAPACITY	— 1000 pounds
BED CAPACITY	— 450 pounds

One Year Included Transferable, limited warranty
Optional Extended Extended coverage available with a HondaCare® Protection Plan

FEATURES & BENEFITS

AUTOMATIC TRANSMISSION WITH AT/MT MODE

You can let the Honda Pioneer 500's automatic transmission shift for you, or you can still shift yourself with its paddle shifters. You can even shift from auto to manual (AT to MT) on the fly!

POWERFUL 500-CLASS ENGINE

Coupled with an efficient five-speed automatic transmission, the Pioneer 500's engine features electronic fuel injection for effortless cold-weather and changing altitude operation. It's specially tuned for low-rpm torque, too.

COMPACT 50-INCH WIDTH

The Pioneer 500's 50-inch overall width is a huge bonus. Whether it's for width-restricted trails or convenient transportation and storage, the Pioneer 500 can go where just about no other side-by-side can!

TRAXLOK® 2WD/4WD

Our rock-solid system lets you choose either 2WD or 4WD, giving you the freedom to choose between lighter steering (in 2WD) and maximizing available traction (in 4WD) when you need it most.
